## Child Development International

Ernie Taylor and Matt Storer

Located in Colorado Springs, Child Development International was founded to help children living in difficult circumstances by challenging the status quo behavior of their caregivers or parent(s). From there, they work to train up the caregiver or parent(s) to be responsible for improving their own child's health, safety and education. The key to success is showing true Christian love and mercy to them and while being patient throughout the long-term process of behavior change. In the end, this is a sustainable solution that does not depend on foreign aid.
